TIDAL WAVE CHANGES JAMAICA COAST LINE

Entire South Side of Kingston Under Water.

WHOLE COAST LINE IS SINKING

There Have Been a Number of Shocks Since the First Disastrous One Which Have Kept the People in a Constant State of Terror—Disaster Was as Great as the Calamities of San Francisco, and Valparaiso, Chile—Thousands Are Believed To Have Been Killed as the Dead Are Being Recovered from the Ruins by the Hundreds.

Havana, Jan. 19.—Rear Admiral Evans in a message to the cruiser Columbia here, states that a huge tidal wave has changed the coast line of Jamaica, leaving the entire south side of Kingston under water. No bay side of Kingston left, and the whole coast line is reported sinking.

New York, Jan. 19.—The latest official news of the Kingston disaster reached this city from Guantanamo, Cuba, through Admiral Evans, who had received from Admiral Davis, sent to Kingston on the torpedo boat Whipple, a brief report of the situation in the stricken city.

Admiral Davis reported that Kingston was almost entirely destroyed; that four hundred persons were killed and that 500 persons were in the hospitals. The dispatch was sent on Thursday morning and further reported that Kingston was then quiet.

The Whipple started to return to Guantanamo with a full report of the situation yesterday and should have reached the American naval base during the night.

Direct advices of the Associated Press from Kingston under date of Jan. 16, received early today stated that the disaster was as great as the calamities of San Francisco and Valparizio. Thousands of persons, it was then believed, had been killed, as the dead were being recovered from the ruins in hundreds. A number of Americans were among the killed. The city is in ruins, but the shipping in the harbor is safe and aboard these vessels the wounded are being cared for. The dispatch also states that the topography of the country has been changed as a result of the earth's disturbances and that the channel into Kingston harbor has been materially altered.

The body of Sir James Ferguson, who was killed was found and buried on the day the dispatch was sent.

There have been a number of shocks since the first disastrous one and the repetitions kept people in a constant state of terror.

Havana reports a wireless message received there states that a tidal wave has changed the coast line of Jamaica and has left the south side of Kingston under water.

Caimanera, Cuba, Jan. 17.—2 p. m.—Rear Admiral Davis, who went to Kingston, Jamaica, with the American ships, sent a wireless report to Admiral Evans, at Guantanamo this morning. His dispatch follows:

"Missouri and Indiana anchored at Kingston at 8:30 this morning. Kingston almost totally destroyed. Four hundred killed, about 500 in hospital. City now quiet. There was plenty of doctors but short of dressings. Have supplied all could spare."

The American torpedo boat Whipple left Kingston this morning and is due at Guantanamo at 10 o'clock tonight, with full details of the situation at Kingston.

Rear Admiral Evans first heard of the disaster on Tuesday night by the means of an intercepted wireless dispatch and prepared to send ships to the scene. Wednesday morning he received a cable dispatch from Governor Magoon asking him to send medical supplies. The Whipple started instantly at a speed of 25 knots carrying all the surgical supplies the fleet could spare. The battleships Missouri and Indiana followed and both are now in Kingston harbor but are unable to communicate by wireless with Admiral Evans, on account of an intervening mountain. Communication, however, is maintained through the steamer Colon, which is lying off the port.

Rear Admiral Evans sent the battleships because he knew no English troops were in Kingston, and he feared looting by the negroes there.

Norfolk, Va., Jan. 19.—The wireless telegraph station at Cape Henry has received an official message from Rear Admiral Evans commander of the North Atlantic fleet in the West Indian waters, presumabiy rerring to the Kingston disaster, and a message from Washington to admiral Evans has been communicated to him on the flagship Maine, via the coast wireless stations but the wireless people decline to give out anything concerning either message, declaring that both were official.

The Cape Henry Wireless station received the following message after last midnight bearing on the Kingston disaster, the message having come from Guantanamo, Cuba:

"Having overheard by wireless from the Steamer Colon, that the school house at Kingston fell at the first shock, kiling 90 chidren. The city Kingston is in bad shape and is still smouldering, with about 500 reported killed and injured.

"The channel in the harbor of the city of Kingston has shifted. This cannot be vouched for.

"Battleships Missouri and Indiana entered harbor safely. Four hundred dead, five hundred in hospitals. Indications many slightly injured."

Glasgow, Scotland, Jan. 19.—Two slight earthquake shocks were felt at Oban, Scotland, Thursday. No damage so far reported.

St. Petersburg, Jan. 19.—Two violent earthquake shocks were experienced at Kuba, government of Baku, at 5 o'clock Friday morning.

Pope Assisting Sufferers.

Rome, Jan. 19.—It was only Thursday night that the vatican authorities received the first direct information of the disaster at Kingston. The pope, who was much affected, ordered that instructions be sent to the bishopric of Jamaica to organize assistance for the sufferers.

Missing Nurse Now in Gotham.

Atlanta, Jan. 19.—A telegram was received late Thursday night at the residence of T. C. Tipton, from New York city, stating that Miss Eva Driscoll, a trained nurse, who has been missing from her home, arrived there Thursday morning. Miss Driscoll disappeared on Wednesday. For awhile it was thought that she had gone to Monticello, Ga. She had been ill for some time, and her friends believed that the intense pain of her sufferings has temporarily affected her mind. The message from New York was signed by a Miss Russell and in it was the statement that Miss Driscoll has not yet recovered from her recent illness. Friends and relatives of the young lady will leave some time Saturday to bring her home.

Child Dies in Well.

Atlanta, Jan. 19.—John Franklin Moore, a tiny tot but 2 years and 3 months old, the son of Mr. and Mrs. O. L. Moore, plunged to sudden death down a well in his father's yard at Howell Station Thursday afternoon. The fatal accident which befell the little fellow was due, no doubt, to his childish curiosity and lack of appreciation of danger in leaning over the curbing of the well to see his face dimly reflected in the water below. He lost his balance and struck his head in the descent down the shaft of the well, the blow and resulting contusion, according to the verdict of the coroner's jury, causing death, mercifully saving the child from death by drowning.

Son of Fairbanks Gives Bond.

Steubenville, O., Jan. 19.—Frederick C. Fairbanks, of Springfield, O., son of Vice President Fairbanks, has pleaded not guilty in court here to the charge of subornation of perjury. He gave bond for $600. Young Fairbanks appeared in court voluntarily.

BRANTLEY'S POSITION ON THE ANTI-JUG BILL

Georgian's Attitude on the Littlefield Measure Explained.

VERY GRAVE QUESTION RAISED

Question Not One of Temperance or Prohibition, But Purely Legal. Brantley Fights Interstate C. O. D. Business in Liquor.

Washington, Jan. 19.—There seems to be a good deal of misapprehension and misconception in Georgia and elsewhere in regard to the Littlefield bill, and Representative Brantley of Georgia, who is a member of the judiciary committee now considering the bill, fears that his attitude in regard to the measure is misunderstood.

Under the present law, which this measure seeks to amend, liquor shipments from one state into another, cannot be sold in the state of arrival except in compliance with the laws of such state. This bill provides that interstate shipments of liquor shall lose their interstate character and cease to be protected by the interstate commerce clause of the constitution, immediately upon crossing the boundary line of a state.

A very grave constitutional question is raised in this connection as to whether congress can abdicate the power over interstate commerce vested in it by the constitution, and transfer this power to the individual states.

The Hepburn Dolliver bill that was before the judiciary committee during the last congress was substantially the same bill as the Littlefield bill, and the judiciary committee reported it with an amendment protecting the right of a citizen to receive liquor for his own consumption, when shipped to him without the state.

Mr. Brantley's position on the bill in the last congress as well as at this time has been in accord with that of a majority of the members of the judiciary committee.

The question involved, it must be understood, is not that of prohibition or temperance, but a purely legal point. So far as the state of Georgia is concerned, the bill would have little, if any, effect, provided it was enacted into law. The wet counties in the state would still be enabled to supply the dry counties with al the liquor they demanded or needed, whether it was shipped into the state from outside its border or not. The passage of the bill would simply tend to give a monopoly of the whisky business in Georgia to the wet counties, for when they would have no competition from the outside.

Those who have given thought to the laws regulating the liquor traffic do not see the necessity for the proposed legislation. Under the Wilson law now on the statute books there would be complete prohibition throughout the United States today if all the state would declare for it. The prohibitionists do not need any more legislation from congress to accomplish this result. Clamor for the Littlefield bill, the Hepburn-Dolliver bill and other similar bills originates in the few prohibition states like Maine, Iowa and Kansas. This question plays a large part in the local politics of these states. As illustrating the local character of these bills, the fact has already been noted in the Washington papers this week that last year Mr. Littlefield voted against his own bill in the judiciary committee. The prohibition law was an issue in the Maine election last September. Mr. Littlefield's action had the effect of suppressing any further discussion until after the election.

Mr. Brantley is also very much in earnest in urging his bill also before the judiciary committee to suppress the interstate C. O. D. business in liquor.

The supreme court of Georgia, as is well known, has held that in the case of C. O. D. shipments the place of delivery is the place of sale, and Mr. Brantley insists that, since all other parties are denied the right to sell liquor imported into a state without compliance with state laws, the express companies should be denied this right.

PROMINENT MAN SHOOTS SELF

He Was a Brother of Ex Governor McDaniel.

Marietta, Ga., Jan. 19.—Mr. I. O. McDaniel, brother of ex-Governor McDaniel, committed suicide Thursday at his home near Allatoona, by shooting himself in the head. It is is supposed that the deed was committed between 9 and 10 o'clock in the morning.

Mr. McDaniel was 63 years of age. He was a widower and had two old ladies as housekeepers for a number of years. The body was found in bed by one of the ladies, who immediately notified the coroner.

Mr. McDaniel was agent of the Western and Atlantic railroad at Marietta, and while none of his friends have made any statement on the subject, it is thought he took his life on account of financial troubles.

His death has caused widespread sorrow in this section, for he was, besides being a scholarly and accomplished gentleman, a man of such genial and kindly disposition that he was generally loved. He was a graduate of Mercer university.

Besides being a brother of ex-Governor McDaniel, he was a half-brother of Colonel Sam Wilkes, of Atlanta.

It is claimed that financial reverses were the probable cause of the tragedy. Because of the large and prominent connection and the high standing of the family in this community, the news of the death is a great shock to the community.

OLIVER TO WIN CONTRACT.

So Statement by the Canal Commission Indicates.

Washington, Jan. 19.—The following statement was issued by the canal commission Thursday:

"Chairman Shonts announced that at a conference between the President, Secretary Root, Secretary Taft and himself, with respect to the pending contract for constructing the Panama canal, it was decided, first, that the lowest bid—that is, of 6.75 per cent—was a percentage at which the government would be justified in placing the contract.

"The second point in the negotiation of this matter is whether or not the persons making this bid—that is Messrs. Oliver and Bangs—can qualify financially under the requirements that is to say, whether they can show that they have or can control $5,000,000 available for this work; that is, $5,000,000 above liabilities, including the $2,000,000 which will be required to make the bond.

"It was further decided that if the personal record and the business standing are found, after investigation, to be all right, they ought to have the contract."

Young Man Accidentally Drowned.

Alexander City, Ala., Jan. 19.—While working on the steel railroad bridge at Sturdivant, where the Central railway crosses the Tallapoosa river, six miles from Alexander City, Adolph D. Leroy, an employee of the Pennsylvania Steel company, lost his footing and fell about forty feet into the river and, after a struggle to swim to the bank, was overcome just before he reached safety and was drowned. His body, after a long and tedious search, was finally recovered and brought to Alexander City and turned over to the undertakers, and has been embalmed preparatory to being taken to his home in Chicago. The deceased has a sister in Atlanta, but up to a late hour no trace had been found of her in an effort to inform her of the tragedy.

Officer Killed by Boy.

Smolensk, Russia, Jan. 19.—The chief of the rural administration, M. Kronau was killed Thursday night by a school boy named Boriookoff as the chief was leaving a concert hall. They boy was immediately shot and killed by an officer.

Kansas City, Jan. 19.—Bishop H. M. Turner, of Atlanta, bishop of the negro Methodist church, broke his arm here by falling on the ice.

GREAT AVALANCHE OF WATERS IMMINENT

Ohio River Still Rising at Several Points.

PEOPLE MOVING THEIR GOODS

Crest of Wave Is Now Advancing On to Louisville, Ky., and Waters Are Slowly Inundating Water Front—A Levee Breaks at Shawneetown.

Cincinnati, Jan. 19.—Flood conditions continued to grow worse Friday. At 7 o'clock in the morning the stage in this city was 59.5 feet, and rising at the rate of about one-tenth of a foot an hour. Every hour added materially to the flooded area and the suffering among the residents of the lower sections of this city and the Kentucky suburbs was great. Street and railroad car service was badly crippled and many electric lines having impassable gaps several blocks long and improvised transfer arrangements were inadequate. There was no indication of immediate relief of from up the river flat although some of the tributaries of the Ohio were reported as falling.

The colder weather which had been looked for to stop the rise did not materialize, but a heavy rain was falling Friday morning, adding greatly to the discomfort of those whose had been driven from their homes and increasing the damage to property in process of removal from river front cellars.

Springfield, Ills., Jan. 19.—As a result of the flood in the Ohio river the levee at Shawneetown, Ill., broke Friday morning.

Shawneetown, which lies in an elbow of the Ohio river, is protected by a dyke on the east and south from the waters of the Ohio. When the river is in flood the surface of the water is from six to eight feet above the street level in the lower part of the town.

In April, 1898, the city was inundated by the river, which broke the dyke on the northeast side and nineteen people lost their lives.

The dykes were repaired after this calamity, and it was believed that they would withstand any stage of water which might prevail in the river in the future.

Louisville, Ky., Jan. 19.—In his official statement as to river conditions Friday, District Forecast Official Waltz says:

"More or less heavy rains have continued the past 24 hours over the Ohio valley and the upper watershed. Quite heavy rains are reported from the Kentucky river section and these rains will, of course, augment the flood wave now crowding the Ohio river.

There has been a rise of from 3 to 4 feet during the past 24 hours on the river front from Pittsburg to the city of Louisville, and the river will continue rising steadily for the next several days. Conditions indicate a stage of 36 feet, if not more at Louisville, and 54 feet at Madison, Ind., by Saturday night or Sunday."

The Ohio river at Louisville rose nearly 2 feet during the night, and is coming up steadily. There has been no serious damage in the business section, but a large number of mercantile houses have been compelled to remove stocks and many of them worked a double force during the night to save their goods.

Nearly one inch of rain fell between midnight and 10 o'clock Friday morning and rain is forecast for the next 36 hours.

Accidentally Killed Himself.

Chicago, Jan. 19.—Archibald B. Eldridge, 38 years of age, killed himself Thursday night while cleaning a revolver. The shooting is believed by the police to have been accidental. Mr. Eldridge was assistant chief engineer of the Burlington road and was regarded highly by President Harris, of the Burlington. Mr. Eldridge was born at Americus, Ga., and was a graduate of the Rennesselaer institute of Troy, N. Y. He left a widow and two children.

ANOTHER CONVENTION FOR GAINESVILLE

State Federation of Labor Will Convene Here Next January.

COMPLIMENT TO THE CITY

Antonia Entenza, a Waldo Boy, Fought Loyally For the University City, With Successful Results—One of Largest State Conventions.

After a four-days' interesting session, the State Federation of Labor has adjourned at Tampa, and Gainesville was complimented in being selected as the place to hold the next State convention, which will convene on January 15, 1908.

The securing of this convention, which is destined to be the greatest convention of the Federation ever held in the State, was due largely to the efforts of Antonia Entenza, an Alachua county boy, but now of St. Augustine, son of M. Entenza, deceased, of Waldo, who stood and worked for Gainesville to the end.

Several days ago Mr. Entenza, who was attending the convention, wired The Sun, asking if Gainesville desired the convention in 1908. A reply was immediately made, assuring him that the delegates would find a warm welcome here, which was followed by Mayor W. R. Thomas and the Gainesville Board of Trade, inviting the Federation of Labor to meet here, and urging Mr. Entenza to stand by this city, which, as was noted by a wire Saturday, he did with remarkable success.

This society embodies all organized labor in the State, and at the next convention there will be more than a hundred delegates, and will be in session for one week.

The Tampa Morning Tribune, in its mention of the proceedings of the meeting, paid Mr. Entenza a compliment by referring to him as one of the strongest and most intelligent workers in the body.

The people of Gainesville are under many obligations to this energetic young worker for his loyalty and success in bringing the next convention here, and it goes without saying that the delegates will be made to feel at home.

THE PUBLIC SCHOOL.

Interesting Budget of Week's News by Our Special Correspondent.

The enrollment is now 505, making the school the largest in the State outside the big cities.

A baseball team has been organized, and the boys are now practicing at all odd moments.

The class in Literature handed in their first in the series of weekly essays last Friday. Several long breaths were drawn when the principal, who has charge of the library work, announced that from now to the end of the session weekly essays would be required. The subject for next Friday is "Social Life in Rome During the Century Preceding the Christian Era."

The Sophomores are getting a good hold of Caesar, and are finding the story more interesting and less difficult. They have not, however, yet met up with the famous thirteenth chapter.

Our lone Senior is getting along fine She has ranked first in her class every month this year.

Since their troubles with Cicero, the Juniors are somewhat inclined to have a fellow-feeling for Cataline.

The Freshman class are making good progress in Latin. They will take up a new book next month.

The Juniors are doing some good work in rhetoric. The Sophomores will finish up their Zoology this month, and will take up Botany next. They are anticipating with delight the time when they can bid farewell to bugs and worms and things, and take up the study of flowers.

The Third, Fourth and Seventh grades are making a strong effort each to secure the honor banner this month. The Fifth, Sixth and Eighth are still in the contest, that promises to be very close.

We have, we believe, one of the most orderly schools in the State, as we certainly have the best, kindest, but strictest teachers.

We have been pleasantly entertained at chapel exercises this week by piano selections by little Sophie Burkhim and Marion Manasse.

On Friday at chapel exercises we were treated to a vocal solo, melody in F, by Rosabel Pedrick, violin abligato Beath, little Bernice DeLand accompanist at the piano.

Mrs. Padgett was a welcome visitor at the school Friday. We would be pleasad to see some more of our mothers, and an occasional father or two, once in awhile.

The principal placed fifteen new books to the library last week. We need a hundred or two more children's books. One little boy was badly disappointed Friday because he could not be supplied with a book "about Injuns." Unfortunately we have no "Injun" stories, but we ought to have.

A Jamaica Lady Speaks Highly of Chamberlain's Cough Remedy

Mrs. Michael Hart, wife of the superintendent of Cart Service of Kingston, Jamaica, West Indies Islands, says that she has for some years used Chamberlain's Cough Remedy for coughs, croup and whooping cough and has found it very beneficial. She has implicit confidence in it and would not be without a bottle of it in her house. Sold by all druggists.

A STATEMENT FROM DR. ARMSTRONG

The Well Known Eye and Nerve Specialist of Jacksonville.

It is a well known and established fact that 90 per cent of all headaches and nervous troubles are reflex conditions having their cause in eye strain. Although the eyes may seem perfect in their functions, there may exist some trouble that is latent and will cause many complications of the system and produce a strain upon the entire nervous system, thereby causing many chronic [illegible] develop.

To locate these conditions, a new science, not taught in the old schools, has been perfected and is known as Ophthalmology. By this modern system, which I now practice exclusively, I straighten cross-eyes without operation, overcome all forms of eye trouble, and chronic and nervous derangements disappear within a very short time. I have accomplished excellent results in hundreds of cases throughout Florida.

I can be seen in Gainesville, in person, at the Brown House on Jan 23-4.

GEN. LEE'S BIRTHDAY ATTRACTS BIG CROWD

Not an Available Seat Was to be Had at Exercises Saturday.

A MOST IMPRESSIVE PROGRAM

Was Carried Out, Which Was Listened to With Deep Interest by Those Present—Eloquent Address of Col. Matheson on Life of General Lee.

With fitting ceremonies, the one-hundredth anniversary of the birth of General Robert E. Lee, one of the most noted heroes the world has ever known, was held at the court house at noon Saturday, and as a mark of honor and respect to his memory the big court room was filled to overflowing with people not only from Gainesville, but from every section of the county, many of the visitors from the neighboring country being Veterans.

The exercises were conducted under the auspices of Stonewall Camp, United Confederate Veterans, assisted by both chapters of the United Daughters of the Confederacy, and were all the more impressive, owing to the presence of members of the local post, Grand Army of the Republic. It was indeed a picturesque and impressive picture—the mingling together of the old soldiers of the Blue and the Gray, in loyal humor and sincerity.

There were also present the battalion of students from the Florida University, comprising two full companies, and pupils from the various schools of the city, accompanied by members of the faculties.

The exercises were presided over by Commander Horatio Davis, of Stonewall Camp, in his usual clever manner. The program began with invocation by Rev. Thos. P. Hay of the First Presbyterian Church, followed by a hymn, "How Firm a Foundation."

Prof. Tom F. McBeath, principal of the University High School, read General Lee's farewell address to the Confederate army. The audience then sang "Come Unto Me," after which Col. Christopher Matheson delivered a touching and elequent address on the life and character of General Lee.

Col. Matheson, while always a fine speaker, appeared at this best upon this occasion. He took up the life of the famous general almost from his birth; he told of the child's devotion to his mother, which was his first characteristic of nobleness and devotion; he told of his devotion to his duties at school, of his exactness in every undertaking; he dwelt upon his record as a student of West Point, his record in various campaigns, and his excellent service in the greatest of all wars—the Civil war. Col. Matheson spoke for forty-five minutes, and at the conclusion he was heartily applauded.

This address was followed by the reading of the bylaws or rules of the Confederate Veterans, adopted at the last National convention in Gulfport, Miss., relative to the distribution of crosses of honor.

The exercises closed with the hymn, "For All the Saints Who From Their Labors Rest," in which the audience joined.

In all, this was one of the most successful meetings of its kind ever held in Gainesville, and served as evidence that the people had not forgotten their loyalty to a great and noble hero and Christian.

IN MAYOR'S COURT.

Hackmen Were Fined For Annoying Passengers at Railroad Stations.

Morris Carter, Jr., John Daniels and John Montgomery, colored hack drivers, were arraigned in the city court Saturday upon a charge of violating the ordinance prohibiting hackmen from annoying the public in the matter of soliciting business. The defendants were each fined $1 and costs.

The manner in which public hackmen have annoyed passengers at the railroad stations has proved very obnoxious, as the persistence of some of these in order to secure business has been little short of assault. They have been continually arrested and fined, but the mayor's court does not apparently serve much of a lesson to them.

NEWS OF CITY AND COUNTY CONDENSED

W. R. Steckert, T. W. Shands and H. E. Taylor returned yesterday from Jacksonville, where they went to attend the meeting of the Shriners. They report a most enjoyable meeting, which gave them an opportunity to meet many of their old brothers and friends.

E K. Rosborough of Jacksonville, who arrived in the city Friday night, left yesterday for Windsor, where he will spend Sunday with his parents, Hon. and Mrs. J. A. Rosborough. Ed's friends will be glad to learn that he is making a fine success as a traveling salesman.

Wanted, in every town in Florida, young man, of good address, proven reliability, to represent us handling real estate investments. Portion or full time. Good contracts to right parties. Jacksonville Development Company, Agency Department, Jacksonville, Fla.

Wade and Hardy Thomas, two progressive young planters of the Monteocha section, were in the city trading yesterday, when the former renewed his subscription to The Sun. Mr. Thomas states that, considering the continued drought, he will have a fairly good crop this season.

Mrs. R. Wilson announces in today's issue that there are only a few days more of the special sale, which will end on the 26th inst., and invites the public to take advantage at once. She has a splendid assortment of rugs, art squares, blankets, shades, dress goods, etc., which are being offered at special bargains.

Mrs. M. E. Finch of this city has received the sad intelligence of the death of her father, Major T. P. Marshall, which occurred at his home in Chattanooga, Tenn., a day or two recently. Deceased was seventy-nine years of age. He was born in Columbiana county, Ohio, and served in the Union Army with distinction. He was a prominent secret society man, being a member of the K. of P., Masons, Odd Fellows and G. A. R. He is survived by a widow, three daughters, Mrs. Finch, Mrs. L. L. Primrose of Ohio and Mrs. Ethel Johnston of Chattanooga, and one son, R. E. Marshall of Chattanooga. Mrs. Finch's friends here extend sympathy.

For Marshal.

I respectfully announce my candidacy for the office of City Marshal at the election on April 9th, 1907. If elected I shall perform the duties of the office without fear or favor.

SANTA FE IS PROSPEROUS.

W. M. Blitch Speaks in Glowing Terms of Future of That Village.

Among the prominent country people visiting Gainesville Saturday was Hon. W. M. Blitch of Santa Fe, who came to visit his daughter, Mrs. J. M. Rivers, and family, and to attend the exercises of the commemoration of the one-hundredth anniversary of General Robt. E. Lee.

Mr. Blitch, who is one of the best posted men in the county on nearly everything he attempts to discuss, declares that Santa Fe is destined to become the most important town in that section, and one of the most important in the county. There is pervading the air a general prosperity among all classes, which has been caused by the various industries which have begun there within the past few weeks, among which is the establishment of two naval stores farms.

Mr. Blitch returned in the afternoon to his home, having concluded the objects of his visit here.

Miss Martin Entertains.

Delightful Card Party.

At the home of Mrs. J. D. Stringfellow, West Liberty street, Friday evening, Mesdames F. D. Warner and Watson Porter delightfully entertained the Married Ladies' Card Club and their husbands.

The beautiful home of Mr. and Mrs. Stringfellow was thrown open, and the large number of guests felt perfectly at home. There was an informality about the occasion which made it all the more enjoyable, and everyone entered the contest in the game of Five Hundred with a will and determination.

There were eight tables. At the conclusion it was ascertained that F. D. Warner and Mrs. B. F. Hampton won highest scores, while L. C. Lynch came out second.

Delicious refreshments were served during the evening.

PILES CURED IN 6 TO 14 DAYS.

Fire Destroys Big Car Plant.

Savannah, Ga., Jan. 19.—The South Atlantic Car and Manufacturing company's plant has been totally destroyed by fire. The whole plant including sheds, office building, cars, a million or more feet of lumber and other property, was totally destroyed. A 25,000-gallon tank, over the boiler room, was destroyed in the early stages of the fire, and there was no water with which to fight the fire. The estimated damage is $75,000, partly covered by insurance. The plant was formerly owned by the Georgia Car and Manufacturing company, which recently went through bankruptcy proceedings, Merrill Callaway being receiver, and it had resumed work under a new management.

The Family Physician

The best medicines in the world cannot take the place of the family physician. Consult him early when taken ill. If the trouble is with your throat, bronchial tubes, or lungs, ask him about taking Ayer's Cherry Pectoral. Do as he says.

We have no secrets! We publish the formulas of all our preparations. J. C. Ayer Co., Lowell, Mass.

MRS. C. E. FINK

HEALTH OF WOMEN

In this nineteenth century to keep up with the march of progress every power of woman is strained to its utmost, and the tax upon her physical system is far greater than ever.

In the good old-fashioned days of our grandmothers few drugs were used in medicines. They relied upon roots and herbs to cure weaknesses and disease, and their knowledge of roots and herbs was far greater than that of women today.

It was in this study of roots and herbs that Lydia E. Pinkham, of Lynn, Mass., discovered and gave to the women of the world a remedy more potent and efficacious than any combination of drugs.

Lydia E. Pinkham's Vegetable Compound

is an honest, tried and true remedy of unquestionable therapeutic value.

This medicine made from native roots and herbs contains no narcotics or other harmful drugs and today holds the record for the largest number of actual cures of female diseases of any medicine the world has ever known, and thousands of voluntary testimonials are on file in the laboratory at Lynn, Mass., which testify to its wonderful value.

Mrs. C. E. Fink, of Carnegie, Pa., writes:—Dear Mrs. Pinkham:—"I wish every suffering woman would take Lydia E. Pinkham's Vegetable Compound and write to you for advice. It has done me a world of good and what it has accomplished for me I know it will do for others."

When women are troubled with Irregularities, Displacements, Ulceration, Inflammation, Backache, Nervous Prostration, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, at Lynn, Mass. Out of her vast volume of experience she probably has the very knowledge that will help your case.

SERMONETTES

"Mankind" is a term that embraces womag.

A determined thief usually gets what he is after.

The man who really does things does them in his own way.

Maintain as good an opinion of yourself as the facts in the case allow.

That man is really rich who has the inborn propensity to hope and to joy.

Who's the braver—he who stands alone, or he who stands supported by his friends?

Keep your good eye cocked on that fellow that is overly much humble. There'll be something doing.

By the time you clean your own back yard you'll be too tired to talk about sweeping the other fellow's.

It is difficult to think of a greater young man than the one immersed in riches and yet untouched by its glamor.

The difference between many a man's inner and outer life is precisely like an immaculate shirt that covers a filthy hide.

That is a self-made man—the man who keeps pace with the college-bred fellow without having to pass through the shades of an academic life.

The very moment you put your soul into your work that moment you dignify it—whether it be to carry the hod or paint a picture of the rarest beauty.

Don't be fooled by the boasted self-martyrdom which wears its life just like the buffalo does his hide—with the rough side turned to the weather.

Who is the benefactor in this big world—he who weaves the threads that shine like gold, or he who ties the knotted, broken ends in the tangled web of life? Who is the benefactor?

Dangers of a Cold and How to Avoid Them.

More fatalities have their origin in or result from a cold than from any other cause. This fact alone should make people more careful as there is no danger whatever from a cold when it is properly treated in the beginning. For many years Chamberlain's Cough Remedy has been recognized as the most prompt and effectual medicine in use for this disease. It acts on nature's plan, loosens the cough, relieves the lungs, opens the secretions and aids nature in restoring the system to a healthy condition. Sold by all druggists.

County Judge's Court.

There has been brought for hearing before County Judge Mason a case of the State of Florida vs. Peacock, et al., upon a charge of criminal trespass. The plaintiffs in this case are Phifer & Waits, naval stores operators of Grove Park and Rochelle, who allege that the defendants have been cutting timber on a certain tract of forty acres of land to which they had no right.

The Joy

of living is to have good health. Use Herbine and you will have bushels of joy. You need not be blue, fretful and have that bad taste in your mouth. Try a bottle of Herbine, a positive cure for all liver complaints. E. Harrell, Austin, Texas, writes: "I have used Herbine for over a year, and find it a fine regulator. I gladly recommend it for dyspepsia."

MR. SHEPPARD FEELS AGGRIEVED

Some Persons Broke Open the Door to Warren's Cave During Absence.

Editor Sun: Kindly allow me space in your paper to refer to a dastardly act by some parties who do not hesitate to damage other people's property. On December 31st some persons came to my place while I was absent and took my axe and broke down the door to the entrance to Warren's cave, west of Gainesville, chopping the walls inside and cutting their initials in same. I am informed there were some women in the party. It is anything but gentlemanly, to say the least, to take ladies out and commit such low-down acts. No gentleman would stoop so low as to break locks to open doors to property not theirs. It is like a sheep-killing dog, who leaves his own home to kill sheep.

Here are some of the initials these people cut in the wall: "E. P. M."—"H. S. & W. R."—"N. A. B."—"M. F. C. and O. W. H."—"T. A. I."

Respectfully,
W. F. SHEPPARD.

The wag spoke wisely when he said that a man ought to take all the law allows him, give the other fellow all the law allows him, keep a stiff upper lip, and let the old world slide.

The Gainesville Electric Light Company see the handwriting on the wall, and would no doubt be glad to dispose of their plant at their own valuation. It is not reasonable to presume, however, that the Board of Public Works would purchase the plant for the city upon any such terms as this foreign corporation may be pleased to dictate. The best thing for the city to do is to construct its own plant.

Governor Broward has changed the date of holding the special election for State Senator in Levy county from February 26th to March 12th. In order to vote at the said election poll taxes will have to be paid on or before Saturday, February 10th. The Governor acted promptly when his attention was called to the fact that the former date for holding the election gave the people no opportunity to qualify to vote.

These bugle-blasts were given by The San Antonio Light, and the same were blown by its racy paragrapher: "Head erect. Eyes to the front. Heart for anything. The courage of try. The belief that you can succeed. The merit to hold your own in the struggle for place. The confidence in your own manhood to get there, whether in business or pleasure or knowledge or love—these are the things that tell."

Judge Francis B. Carter of the Pensacola circuit, who has tendered his resignation to take effect on February 15th, will form a co-partnership with W. A. Blount & Son of Pensacola, where he will take up his citizenship. It is probable that J. Emmet Wolfe, private secretary to Governor Broward, will be appointed to the vacancy caused by Judge Carter's resignation. Mr. Wolfe was United States prosecuting attorney under the Cleveland administration, and is considered well qualified for the judgeship.

Harry Woodruff, star of "Brown of Harvard," a former sweetheart of Anna Gould, is going to marry the Countess Castellane. Some years ago Woodruff was engaged to marry Anna Gould, it is said. An arrangement was made to send him to Harvard University for a more complete education than he possessed. The Gould fortune was placed at his disposal and an agreement executed that he would not make any attempt to marry the daughter of Jay Gould until after he was graduated. When Anna Gould met Count Castellane Woodruff was jilted.

The Gainesville Sun reads The Elevator of that city a stinging sermon on the latter's policy of exaggerating the criminal conditions of that county. The Elevator's contention that the jail of Alachua county was filled with criminals because Judge Palmer continued cases on that side of the court's docket is effectively denied. The Sun by use of facts and figures places Gainesville and Alachua county in a much better light than it occupied in the minds of those in other parts of the State who had read The Elevator's caustic remarks.—Fernandina Record.

PARDONING CRIMINALS.

There is more than a suspicion that a strong tendency exists not only in this State but elsewhere toward a looseness and leniency in the matter of pardoning criminals.

The maudlin sympathy expressed by women and by some men toward criminals or those accused of some heinous crime is usually considered as the manifestation of an abnormal sentiment which verges on hysteria, but there is an illogical and mistaken leniency toward criminals suffering long terms of imprisonment, expressed by men usually of well-balanced minds.

A man who commits a cold-blooded murder and is sentenced to imprisonment for life, should not be pardoned. He may have a good record as a prisoner, he may even have honestly and sincerely repented of his crime, and it may be conceded, for the sake of argument, that he would no longer be a menace to the community if allowed to go at large, but the argument against his release is based upon grounds which are not affected by these facts

The purpose of punishment for crime should never be for motives of revenge; it should be based upon two grounds, and two only, the prevention of subsequent criminal acts upon the part of the criminal himself and its deterrent effect upon others.

Now it does not require any labored argument to show that this effect in the latter instance is seriously weakened when a practice is made of pardoning criminals, and especially in the case of those serving a life sentence.

A man who commits cold-blooded murder, deliberately puts himself outside the pale of human sympathy; he should not be treated with cruelty or unkindness, but he should expiate either by death or by life imprisonment, release from which should be hopeless, the results of his crime.

The strongest argument, in our mind the only argument which can be regarded as even partially tenable in favor of capital punishment, exists in the fact that the frequent misuse of the pardoning power serves to minimize the dread of punishment on the part of the prospective criminal.

Fearing not immediate death, even if discovered and convicted, and relying upon the probability of pardon after a few years, he takes chances which he would be disinclined to take if he knew that life imprisonment, in name, meant life imprisonment in reality.

The enactment of a law to the effect that men convicted of murder in the first degree should not be pardoned under any circumstances, would be futile, since subsequent legislatures would be able to repeal it, but if public sentiment was sufficiently aroused and expressed with unhesitating firmness and clearness, weak-kneed executives and careless legislative bodies would cease turning loose upon the community men who have been convicted of the crime which only God can forgive, and of weakening the influence upon the quasi criminal class, which is one of the chief purposes of punishment.

Russell Sage took care of his money, got and kept a lot of it, and perhaps it has done no one much good, but he kept it earning more, not doing as the man ,with the single talent; and Russell Sage was intelligent and industrious and honest, practiced economy, lived plainly, and if he had been a poor man would have been commended as a sensible liver. He died at ninety years of age. Perhaps nobody was satisfied with Mr. Sage because he was such a money getter, and retained possession of his money so closely, and for his selfishness he is not to be held up as a model, but is there just excuse for making slighting references to him and attacking his memory now that he is dead? His money was his while he lived and the hundred millions or so of it that he left will get scattered around some day.

W. B. HARE AS EDITOR.

The Sun failed to receive the issue of The DeSoto County News containing information of the change in its management, but we, together with Mr. Hare's many Gainesville friends, endorse the following from The St. Augustine Record:

"A genuine and pleasant surprise came to The Record today through the mail. Among the newspaper exchanges was The DeSoto County News, published at Arcadia, and at the masthead is the name of W. B. Hare, editor. The newspaper fraternity of the State will be glad to welcome Mr. Hare into the ranks of the noble order of pencil pushers. St. Augustine friends of that gentleman—and there are many of them—will be very glad to know that Mr. Hare, whose useful life here as head of the State School for the Deaf, Dumb and Blind, made him a conspicuous figure, is to continue to exercise his splendid talents in another field and in another profession. The DeSoto News was burned out in November, 1905, but has managed not to miss an issue, although published under difficulties. Now that it has passed into the hands of Mr. Hare and his business associate, S. A. McBride, formerly of The Bartow Courier-Informant, but more recently of The Tampa Herald, the paper comes out in a new dress, and takes its place as one of the neatest and best weekly publications in Florida. A linotype machine and other new equipment has been installed, making The News plant quite up-to-date. DeSoto county is one of the richest and most prosperous in the State, and Arcadia is the center of a very thrifty section, so that Mr. Hare has chosen wisely in making that growing town his home. That his new venture will be a success is evident from the splendid start he has made. Judging from this first issue, the people of Arcadia and of DeSoto county have a paper of which they may well be proud, and one that will undoubtedly do a great deal to advance their moral, business and social interests."

If there is any doubt about municipalities having the power to fix the rates to be charged by corporations for electricity and gas, the next Legislature should pass a law giving such authority to city and town councils. Or, what would be better still, enact a general statute fixing a maximum rate to be charged for such public service.

What does "blue blood" amount to if it flows in sluggish streams? Or, still less, what does it amount to if royal blood courses from founts whose deepest dregs are worse than deadly poison?

ADVANCE MADE IN SALARY.

Solons Will Probably Vote Themselves $7,500 Per Year.

Washington, Jan. 19.—Considerable agitation over the prospects of increased salaries of members of congress was evidenced at the capitol Thursday.

The house will not concur in the senate amendment which strikes off the raise to $12,000 of the salary of the vice president, the speaker of the house and members of the cabinet, and the bill will go to conference. The conferess for the house will be Messrs. [illegible]auer, of New York, Bingham, of Pennsylvania, and Livingston, of Georgia. The house conferees will move to concur with amendments and it is learned from the inside that "with amendments" means that they will put the salaries of members of congress at $7,500 and the salaries of the speaker, the vice president and members of the cabinet at $12,000, which last provision the senate struck out. These house conferees have been solicited by a large number of their colleagues to raise the salaries, and they do not expect that opposition which before killed the amendments.

By a vote of 133 to 92 the house of representatives voted to increase their salaries to $7,500 per year.

The Grip.

"Before we can sympathize with others, we must have suffered ourselves." No one can realize the suffering attendant upon an attack of the grip, unless he had the actual experience. There is probably no disease that causes so much physical and mental agony, or which so successfully defies medical aid. All danger from the grip, however, may be avoided by the prompt use of Chamberlain's Cough Remedy. Among the tens of thousands who have used this remedy, not one case has ever been reported that resulted in pneumonia or that has not recovered. For sale by all druggists.

Road Reaches Chattahoochee.

LaGrange, Ga., Jan. 19.—The construction of the Atlanta, Birmingham and Atlantic will probably reach the Chattahoochee river by the end of the week. As soon as this is completed, the crew will return to LaGrange, where they will put in the spur tracks and a Y, preparatory for the operation of trains over this line in the near future from Brunswick to LaGrange, where the West Point route will take the trains and operate them to Atlanta.

Cured of Lung Trouble.

"It is now eleven years since I had a narrow escape from consumption," writes C. O. Floyd, a leading business man of Kershaw, S. C. "I had run down in weight to 135 pounds, and coughing was constant, both by day and by night. Finally I began taking Dr. King's New Discovery, and continued this for about six months, when my cough and lung trouble were entirely gone and I was restored to my normal weight, 170 pounds." Thousands of persons are healed every year. Guaranteed at all drug stores. 50c and $1. Trial bottle free.

An Unprovoked Crime.

Charlotte, N .C., Jan. 19.—News reaches here of the atrocious murder of John Stamper by his stepson, Clinton Weaver, in the Muddy creek section of Ashe county, North Carolina, the most remote mountain fastness of the state. Weaver, while intoxicated, entered Stamper's room, where the latter lay seriously ill, and cut Stamper's throat from ear to ear, killing him instantly. Weaver was arrested. The crime was unproved.

Accidentally Shot Himself.

Gadsden, Ala., Jan. 19.—Junius Sears, a 12-year-old boy, accidentally shot himself at the home of his father while playing with a 45-caliber derringer pistol. The ball took effect in the boy's groin, making a painful and dangerous wound. He was brought to this city and placed in a hospital. It is said that the boy took the pistol from where it had been put out of his reach, while his parents were away.

Wicked men cannot be friends either among themselves or with the good.—Socrates.

UNPROFITABLE FEEDING

Intelligent stock raisers know that a certain amount of feed is necessary to keep an animal alive. They might feed that amount as long as it lives, and it would never gain a pound.

There is no profit in that kind of feeding. The kind that pays is the kind that builds flesh rapidly. If it takes twenty pounds of food each day to keep a sheep alive, twenty-five pounds a day will make it gain flesh. It's the extra five that brings the profit. The first five pounds amounts to nothing, nor does the second or third or fourth five pounds.

It's the same way with advertising. You have to do a certain amount to overcome the resistance of the public.

You have to do a certain amount of advertising to make them wake up to the fact that you are in business at all. You have to pay a certain amount to keep your advertising alive. What you pay above that amount brings profit.

Some advertisers fail because they do not use enough space. They use barely enough or sometimes not quite enough to make the advertising self sustaining. A little bit more would make it profitable. It is better to advertise a little too much than not quite enough.—Charles Austin Bates.

Some of our advertisers could enlarge their space with profit.

CRAWFORD JACKSON HERE TO ORGANIZE

One of Best Friends the Southern Children Have Ever Had.

WORKING FOR THEIR GOOD

Is Chairman of the Central Juvenile Protectory Committee, and Will Deliver Two Interesting Lectures Today, Morning and Evening.

Rev. Crawford Jackson, Chairman of the Executive Committee of the Central Juvenile Protectory, who has been campaigning the South in the interest of wayward children, reached this city yesterday afternoon, and will preach in the Methodist church for Rev. T. J. Nixon and congregation at 11 a. m., and a union service will be held in the First Baptist Church in the evening at 7:45, at which Mayor W. R. Thomas will preside.

Mr. Jackson has recently spoken to very large and enthusiastic audiences

REV CRAWFORD JACKSON.

in Jacksonville, Lake City and Live Oak, before the Baptist State Convention yesterday.

The threefold character of the work Mr. Jackson and his associates are doing is as follows:

First—Juvenile courts and the probation system, which will be more fully explained by this expert in juvenile criminology, its causes and remedies.

Second—State legislation and appropriation to better the condition of the wayward children of the State.

Third—The establishment of the Central Juvenile Protectory for a thousand delinquent and dependent children of the South, or one hundred such children from each of ten States.

Mr. Jackson hopes to see an organization formed here such as was formed in Jacksonville, with Judge Wm. Baker, mayor, of that city, president. A Juvenile Protectory Association was also formed in Lake City, with Judge B. H. Palmer of the circuit court as president. For this purpose a meeting will doubtless be called at an early date this week.

Mr. Jackson has some very deep convictions on this vital subject and knows how to tell them.

Library Committees.

The following are the Library committees for the present year:

Executive Committee—Mrs. J. W. Leach, chairman; Mrs. Kelley, Mrs. Foster, Mrs. Grieves, Mrs. Rogers.

On Entertainments—Mrs. W. L. Roberts, chairman; Mrs. Chesnut, Mrs. Becker, Mrs. Taylor, Mrs. S. J. Thomas.

On Membership—Miss Lucile Colclough, chairman; Miss Bodiford, Miss Pennell, Misses Minna and Catherine Hampton.

Woman's Exchange Board—Mrs. L. C. Lynch, chairman; Mrs. Hay, Mrs. Colclough, Mrs. McBeath, Miss Cushman.

The secretary will formally notify these ladies early in the week. It is earnestly hoped that all will consent to serve, and that the various committees will at once organize.

TOM F. MCBEATH, President.

Chronic Constipation Cured.

One who suffers from chronic constipation is in danger of many serious ailments. Orino Laxative Fruit Syrup cures chronic constipation as it aids digestion and stimulates the liver and bowels, restoring the natural action of these organs. Commence taking it today and you will feel better at once. Orino Laxative Fruit Syrup does not nauseate or gripe and is very pleasant to take. Refuse substitutes. J. W. McCollum & Co.

All careful women use

HERBINE

TRADE MARK

Woman who suffer from severe headaches, and all diseases due to a torpid liver, should not fill their stomach with calomel and other drugs.

HERBINE QUICKLY CURES Biliousness, Constipation, Chills and Fever, Dyspepsia, Malaria and all Liver Complaints.

Mrs. C. D. Philley, Marble Falls, Tex. writes: I find Herbine the best liver corrective I ever tried. It has done my family and myself a world of good. I recommend it to my friends."

ROCHELLE ITEMS.

Personals Concerning the Doings of the People of the Junction Town.

Rochelle, Jan. 18.—The farmers are complaining of too much rain.

Messrs. Claude Davis and R. Williamson of McIntosh made their usual call Sunday.

Miss Willie McElroy of Rex has accepted the assistant's place in Martha Perry Institute.

We welcome Alex. Beckham and family as new recruits to our town.

Miss Maude Davis of McIntosh made our little burg a flying trip Tuesday afternoon. Misses Agnes Zetrouer and Lizzie Tucker accompanied her home to join a hunting party. The girls say they killed more birds than they saw.

Mr. McCarley of Boardman visited friends here Sunday. What's the attraction, Irvin?

Miss Winnie Tucker has returned from Dunnellon on a pleasure trip, to the delight of her many friends.

Little Miss Fay Turner, one of Rochelle's sweetest babies, has been very ill for several days, but we are glad to report she is improving.

Miss Lizzie Tucker, one of our most popular young ladies, was shopping in Gainesville Monday.

L. E. Mansfield of Jacksonville made his little girl a call Sunday. Come again, Elmo, for we are always glad to see you.

Mrs. J. A. Tucker was called to Dunnellon Wednesday on account of the serious illness of her daughter, Mrs. B. F. Duke.

We are delighted to have Mr. Smith of Georgia make Rochelle his home this season.

Miss Lula Zetrouer, our charming little belle, paid her parents a visit Saturday and Sunday.

Miss Agnes Zetrouer will leave Sunday to accept the school at Santa Fe. She will be greatly missed by her many friends.

Mrs. W. Veal and charming little daughter, Helen, of Gainesville, are the guests of Mrs. K. R. Turner.

The Right Name.

Mr. August Sherpe, the popular overseer of the poor at Fort Madison, Ia., says: "Dr. King's New Life Pills are rightly named; they act more agreeably, do more good and make one feel better than any other laxative." Guaranteed to cure biliousness and constipation. 25c at all drug stores.

Shot Himself in the Head.

Canton, Ga., Jan. 19.—W. O. Toole committed suicide on the rear of his porch by shooting himself through the head with a pistol. Bad health and insanity are supposed to be the cause. He originally came from South Carolina, four years ago.

How to Cure Chilblains.

"To enjoy freedom from chilblains," writes John Kemp, East Otisfield, Me., "I apply Bucklen's Arnica Salve. Have also used it for salt rheum with excellent results." Guaranteed to cure fever sores, indolent ulcers, piles, burns, wounds, frost bites and skin diseases. 25c at all drug stores.

$900 PER YEAR FOR R. F. D.'S

Judge Griggs Working for Increase of $15 Per Month.

Washington, Jan. 19.—Judge J. M. Griggs, of Georgia, has introduced in the house, and will urge upon the committee on postoffices and the post roads, of which he is a member, a bill to increase the salaries of rural letter carriers from $60 per month to $900 per year.

Judge Griggs feels that the present salary paid rural carriers is inadequate compensation for the service rendered. In addition to the work required of the rural carrier, there is the equipment necessary for the prompt delivery of the mails by buggy or on horseback. It is pointed out that after a carrier has paid for the hire of his team, or for the feed of his horse, if he owns his own animal or team, there is very little left to meet the original investment for the horse or to reward the individual for his services.

There are probably thirty bills now pending in the house, introduced by members from various states, the object of all of which is to raise the salaries of rural carriers. The limit of increase is all the way to $1,000. As Judge Griggs points out, however, it will probably be better to have a bill for a reasonable sum like $900, which the committee would be more inclined to favor, than to introduce a measure calling for higher salaries, but which there is no possibility of having the committee approve. It is a question of a half a loaf being better than no bread.

GUARANTEED STOMACH REMEDY

J. W. McCollum & Co. Will Refund Money if Mi-o-na Fails to Cure.

You may ask why it is that Mi-o-na stomach tablets are sold by J. W. McCollum & Co. under a guarantee to refund the money unless they cure, when no other treatment for stomach troubles is sold in this manner.

The answer is simple and conclusive.

Other medinines for stomach troubles merely digest the food, while Mi-o-na strengthens the whole digestive system so that it soon becomes able to care for all the food that is eaten.

If you do not use your arm or leg for a month the muscles become flabby and weak and you have to resort to artificial help. It is the same way with the stomach muscles. If they are not used they become so weak that it is necessary to continue using a digestive with the food you eat.

On the other hand, when you use Mi-o-na, your stomach soon grows so strong that you can give up the use of medicine.

Mi-o-na costs 50c a box and does more real good that a dozen boxes of ordinary digestive tablets. The proof of this is shown in the fact that a guarantee, absolute and unqualified, is given by J. W. McCollum & Co. with every box of Mi-o-na.

Wife Accused of this Murder.

Columbia, S. C., Jan. 19.—C. W. Blair, a conductor on the Columbia Newberry and Laurens railroad, was shot four times at his home early on Thursday afternoon, from the effects of which he died thirty minutes later. It is alleged that Blair accused his wife of infidelity and that the shooting followed. Mrs. Blair was placed under arrest, but owing to her prostrate condition, she was not removed from her home. Blair made an ante-mortem statement, in which, it is alleged, he attacked his wife's character. His wife was Miss Ethel Barrentine, of Greensboro, N. C. The dead man was about 50 years of age, while his wife is only thirty.

Wise Counsel From the South.

"I want to give some valuable advice to those who suffer with lame back and kidney trouble," says J. R. Blankenship, of Beck, Tenn. "I have proved to an absolute certainty that Electric Bitters will positively cure this distressing condition. The first bottle gave me great relief and after taking a few more bottles I was completely cured—so completely that it becomes a pleasure to recommend this great remedy." Sold under guarantee at all drug stores. Price 50c.

Augusta, Ga., Jan. 19.—The bank of Midville was blown up last night. No details have, as yet, been received telling the particulars.

How to Prevent Bilious Attacks.

One who is subject to bilious attacks will notice that for a day or more before the attack he is not hungry at meal times and feels dull after eating. A dose of Chamberlain's Stomach and Liver Tablets when these first symptoms appear will ward off the attack. They are for sale by all druggists.

S.S.S. OUR RECORD 40 YEARS OF CURES

The value of S. S. S. as a blood purifier has been thoroughly proven by its forty years of successful service in the treatment of blood and skin diseases of every character. It is the best known and most generally used blood medicine on the market today, because in the forty years of its existence it has not disappointed those who have used it, and as a result of its universal success in curing disease it has made friends EVERYWHERE. It has been on the market for forty years, and its record in that time is one of which we are justly proud—it is a record of forty years of cures. As a remedy for Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison and all diseases arising from an impure or poisoned condition of the blood, S. S. S. has no equal. It goes into the circulation and thoroughly cleanses it of all impurities and makes a complete and lasting cure of these troubles and disorders. It furnishes to weak, polluted blood, rich, health-giving and health-sustaining qualities, and as this pure, fresh stream circulates through the system, all parts of the body are invigorated and made strong and healthy. S. S. S. is the only blood medicine on the market that can claim absolute freedom from minerals in any form. This great medicine is the product of nature's forests and fields, and is made from the healing, cleansing juices and extracts of roots, herbs and barks. It is, therefore, in addition to being a certain cure for blood troubles, an absolutely safe medicine for young or old. It is not an experiment to use S. S. S.; it is a remedy with a record and one that has proven its worth and ability by its forty years of cures. If you need a blood remedy begin the use of S. S. S., and write our physicians and they will send you a book concerning your trouble, and will give you, without charge, any medical advice. THE SWIFT SPECIFIC CO., ATLANTA, GA.

JORDAN HEADS THE GROWERS.

President of Association Re-Elected President Despite Declination.

Birmingham, Ala., Jan. 19.—At a meeting of the executive committee of the executive committee of the Southern Cotton association the following officers were elected:

Harvie Jordan, of Atlanta, Ga., president.

J. C. Hickey, Henderson, Tex., vice president.

Dr. Will H. Ward, of Mississippi, secretary.

F. Hyatt, of North Carolina, treasurer.

E. D. Smith, of South Carolina, general organizer.

B. H. Burnett, of Chicalah, Ark., financial agent.

The re-election of President Jordan followed his declaration that he was not a candidate. The convention, however, insisted and he was unanimously re-elected.

How to Avoid Pneumonia.

We have never heard of a single instance of a cold resulting in pneumonia or other lung trouble when Foley's Honey and Tar has been taken. It not only stops the cough, but heals and strengthens the lungs. Ask for Foley's Honey and Tar and refuse any substitute offered. Dr. C. J. Bishop of Agnew, Mich., writes: "I have used Foley's Honey and Tar in three very severe cases of pneumonia with good results in every case." J. W. McCollum & Co.

Carload of Roses Sent to Hospitals.

Beaumont, Tex., Jan. 19.—A special car loaded with roses and other floral bloom, have left Beaumont destined for the hospitals and charitable institutions in Kansas City, a gift of courtesy on the part of the ladies of this city, through the Beaumont chamber of commerce. It is estimated that not less than 104,000 roses, cut fresh, are included in the shipment.
